

Screen South Digital Hub & Hi3 Network Job Opportunities

About the Digital Hub

Our new Digital Hub in Folkestone is part of the new Hi3 Network partnership, which includes Canterbury Christ Church University, London Southbank University, Creative Folkestone and Maidstone Studios, and has recently secured ERDF funding to provide space, facilities, opportunities and expertise to support creative innovators to develop ideas and practice. We will offer events and activities that are public, as well as focused programmes for the new Hi3 Network members who will gain access to lab/studio space, digital lounge desks, meeting rooms and a high-end broadband connectivity. The new project will provide a programme of activities with specialist advice and guidance focusing on creative digital tech. It will also provide resources for new talent, freelancers, SMEs and emerging Creative-Digi-Tech enterprises, supporting innovation and the development of new digital projects.

Job Opportunities

Screen South Digital Hub Recruitment: <https://screensouth.org/hi3-digital-network/>

Deadline for applications for all three roles is 10am on Thursday 29th July, 2021

Screen South Digital Hub & Hi3 Network Project Manager

The Digital Hub Project Manager will drive the content and impact of regular free digital orientation and taster sessions, workshops, masterclasses, and bespoke development programmes. They will lead the delivery of Hi3 Network members' access to expert business advice and guidance as well as inspirational masterclasses and showcases to assist with setting up new projects. They will support the Tech Manager in providing access to production and post-production kit including green screen studio space, digital workstations, edit suites and shooting/capturing kit. These will be provided for free to participants engaging with the project development programme. Over the Initial Hi3 programme we expect to support projects from idea to Showcase stage. Projects might include interactivity, immersive, live action, animation, visual effects, streaming, preliminary capturing of images for digital or live production, capturing of 3D images, 360, games, VR, AR and other cross platform opportunities.

Deadline for applications: 10am on Thursday 29th July, 2021

Interviews (via Zoom): Tuesday 3rd August 2021

Screen South Digital Hub & Hi3 Network Community Manager

The Community Manager will lead on recruitment and engagement with Hi3 Network participants/members and Digital Hub Users. They will assist with scheduling and managing the events, websites, and the social media associated with both the overall Freelance and SME community aggregated through the network and via the Hubs. They will be responsible for the creation of the community of practice, the website, social media and the project communications network for Screen South. They will also work closely with the other partner Community Hub managers to ensure synchronicity of opportunities and SME support across the Network.
